About This Game

Join the adventures of Little Jack.

You will need to solve many interconnected puzzles that involve finding keys, pushing crates in order to reach the exit door. Also you will need to fight your way into this world because it is full of dangerous creatures that will not hesitate to attach you on sight.

The game will have 4 difficulty levels so that each person regardless of its skill level can enjoy this game.

There will be 2 huge areas(1 regular game and 1 bonus level) to play in.

I found the exit. But that red door is blocking my path. I must find a red key to open it.

little ropo and jack adventures

This generic "let's try to be retro by being\u2665\u2665\u2665\u2665\u2665" game's controls don't work if you put the game in fullscreen mode.. A very funny and entertaining game.. Jack reminds me of COMMANDER KEEN from ancient days.

good times. This game is so hard if it was a person it could Kill dwan the rock johnson it is literally impossible and i cannot beat it. its soooooooooo good play it as much as u can man..... its soooooooooo good play it as much as u can man..... Why bother playing some half baked game? One level, really? And second - probably unfinished - so they called it bonus... Its nice "backbone" for something bigger, but in this form its unacceptable. Better stick to "Win the game" game.. challenging, interesting and a great platformer... I recommend it!. GAME OF THE YEAR 2017.

-AMAZING GRAPHICS

-SICC♥♥♥♥SOUNDTRACK

-CONTROLS ON POINT

-FANTASTIC STORY

10/10 WOULD BUY AGAIN. Why bother playing some half baked game? One level, really? And second - probably unfinished - so they called it bonus... Its nice "backbone" for something bigger, but in this form its unacceptable. Better stick to "Win the game" game.

this game is very bad and i don't know how it was on steam. This game is just REALLY bad, like really really bad.. Jack reminds me of COMMANDER KEEN from ancient days.

good times
